Preah Sihanouk Province

The region is known as "Krong Preah Sihanouk" or "Kampong Som" and is located 250 kilometers Southwest of the Cambodian capital Phnom Penh. The province is named after the King Father Norodom Sihanouk who grew up around the construction of Sihanouk Ville port. Construction on the port began in June 1955 and it was the only deep water port in Cambodia. The port was built in part due to the waning power of the French, leading to the Vietnamese tightening their control over the Mekong Delta. Sihanouk Ville bay has been voted as one of the most beautiful bays in the world and a must visit in Southeast Asia.
